

PRINCIPLE ASSET MANAGEMENT CONSULTING - POWER & GRID (F/M/D)

Application details:

Type of position: full time, Hybrid (Offices in Berlin or Düsseldorf)

Entry date: as soon as possible

Contact: Sebastian Wolfsteiner, Team Digital Solutions

Application documents via mail to: bewerbung@inno2grid.com

Welcome to inno2grid, Schneider Electric's digital innovation hub and venture builder located at the EUREF campus in Berlin. As a living example of the future energy landscape, we are dedicated to developing innovative solutions, business models, and software products for the energy world of tomorrow. Grounded in an environment conducive to pioneering endeavors, we seize excellent opportunities to address the challenges of the energy transition head-on. Complementing Schneider Electric's extensive portfolio of products and services for the Power and Grid (P&G) sector, inno2grid is embarking on an exciting new venture to build a venture specializing in Asset Management Consultancy (AMC) for P&G.

At inno2grid, we are driven by a passion for breaking new ground and staying ahead in the digitization and transformation of the energy sector. Our mission is to revolutionize asset management practices in the P&G industry, empowering companies to optimize operations, drive digital transformation, and enhance customer-centric strategies through innovative solutions tailored to their unique needs.

Key Offerings:

Strategic Asset Optimization: We provide P&G companies with strategic insights into their asset portfolios, enabling them to prioritize investments, optimize maintenance plans, and maximize returns on their infrastructure investments.

Digital Transformation Solutions: Our venture offers transformative solutions to digitize asset management processes, leveraging advanced analytics, IoT integration, and predictive maintenance capabilities to enhance operational efficiency and resilience.

Customer-Centric Strategies: We help P&G companies position themselves closer to their grid customers by leveraging data-driven insights to tailor services and improve overall customer satisfaction and engagement.

Value proposition:

Innovative Solutions: inno2grid brings together a team of industry experts and technology innovators to develop cutting-edge solutions that address the evolving needs of P&G companies.

Customized Approach: We understand that every P&G company is unique, which is why we offer tailored solutions that align with our clients' specific goals, challenges, and operational requirements.

Partnership for Success: By partnering with inno2grid, P&G companies gain access to a trusted ally committed to their success, providing ongoing support, expertise, and guidance throughout their asset management journey.

Join us in reshaping the future of asset management for the power and grid (P&G) industry. Together, we can drive innovation, efficiency, and sustainability while delivering exceptional value to customers and stakeholders alike.

Key Responsibilities:

Business Leadership & Development:

- Drive the strategic direction of our asset management consulting practice in Germany, leveraging industry expertise and market insights to develop compelling service offerings and solutions.
- Mentor and guide a team of consultants, fostering a culture of excellence, innovation, and client-centric delivery.
- Lead business development efforts, including identifying new opportunities, nurturing client relationships, and expanding our footprint in the utilities sector.
- Develop and lead cross-functional teams to deliver high-impact solutions and ensure successful implementation of recommendations.
- Interface with our industry partner Schneider Electric and our wide-ranging ecosystem to leverage technology and implementation expertise.

Engagement & delivery

- Collaborate with clients to understand their asset management challenges, provide thought leadership and develop tailored strategies to optimize asset performance and lifecycle management.
- Utilize industry best practices and innovative approaches to drive transformational change in asset management processes.
- Provide thought leadership and expertise in asset performance optimization, risk management, and regulatory compliance within the utilities industry.
- Oversee, lead and manage consulting engagements related to asset management within the utilities sector.

Our offer:

- Opportunity to build and grow your own consulting practice, within an exciting and innovative technology company.
- Work within a dynamic and collaborative team environment that values innovation and expertise.
- Opportunity to make a significant impact on the asset management practices of leading utility companies.
- Competitive compensation package and opportunities for professional growth and development

About you:

- Proven experience in consulting within the utilities sector, optimally with a focus on asset management and performance optimization
- In-depth knowledge of asset management principles, industry trends, and regulatory requirements specific to German utilities
- Strong leadership and project management skills, with the ability to drive results and build strong client relationships.
- Excellent communication and presentation abilities, with a track record of delivering impactful recommendations to senior stakeholders.
- German Speaker

Your next step:

You are interested in a diversified job in a young company?

Then we look forward to receiving your application at bewerbung@inno2grid.com

Why us?

We are a **young team** and enjoy developing and implementing holistic, customer specific solutions. inno2grid is a joint venture between Deutsche Bahn Engineering & Consulting and Schneider Electric whose development is shaped by its employees.

A position at inno2grid offers a job in an innovative company with a high degree of personal development opportunities, the possibility of self-realization in flat hierarchies and the prospect of a long-term and varied professional perspective. inno2grid relies on personalities who are characterized by entrepreneurial thinking and action, a goal and value-oriented mentality and a passion for new things.

Whether at beach volleyball during a break or at a barbecue, it is important to the i2g-Team to spend time together not only in the office, even if it has a particularly beautiful location on the **EUREF campus**.
